SANTIAGO MANSO CASTRO

PROFILE SUMMARY

Knowledgeable and Passionate Front-End Web Developer with experience using JavaScript, HTML, and CSS to build all aspects of the user experience and user interface for client-facing landing pages. Skilled in designing, developing and testing multiple web-based applications incorporating a range of technologies. Aspiring to combine broad knowledge with strong technical skills to excel as a Front-End Developer. Highly adept at both independent and collaborative projects, with an emphasis on landing page and website development. Passion for responsive website design and a firm believer in the mobile-first approach. Implement new responsive website approaches which increase mobile traffic by at least 20%. Eager to tackle more complex problems and continue to find ways to maximize user efficiency.

WORK EXPERIENCE

Flink, Berlin Germany
Shift Leader   Oct 2021 - Present

- Lead a team of 25 people and increased performance on time by 15%.
- Evaluate employee skills and knowledge regularly, training and mentoring individuals with lagging skills.
- Handled an average of 450 orders daily.
- Supervise inventory associates by providing direction and instruction for stocking shelves, rotating stock, and receiving deliveries using Zebra.
- Keep documentation and records accurate and up-to-date with latest data to prevent errors in processing or delivery.

Inventory Manager

a SPA made with Tailwind CSS that provides a CRUD for products that are sold through an E-Commerce application it uses two customs hooks to manage the global state of the application, mobile responsive
